Our Archiguide:

António Júlio Cardoso e Moura is graduated in Architecture from Porto's Escola Superior de Belas Artes (1975). He works at Porto's City Hall since 1978 and was involved in the proposal on the classification of Porto's Historic Centre as UNESCO World Heritage Site. Author of numerous works and projects regarding Porto's Historic Centre and other cities, as well as regeneration projects abroad (Luxembourg, Malaysia, Thailand, Cape Verde), his expertise include also researching on urban renewal projects in many European cities. Having guided many visits related to architecture and urbanism, this renowned and awarded architect will guide you through Porto's historic centre with a solid and in-depth knowledge about all of these projects.
